

Oundle School

Travel

At the start of each Quarter parents will receive, via ParentMail, the train times north to destinations such as Newcastle and Edinburgh and south to London, which coincide with the coach booked to take pupils to and from Peterborough railway station at Exeats, end of Quarter etc.

A coach booking form is sent to Houses approximately two weeks before school ends. Pupils fill in their requirements and the form is returned to Mrs Tracy Heath. Charges are debited to the School bills.

Providing there is a seat available, late coach booking may be made up to the day before travel. Cancellations made within three days of travel will be chargeable.

It is recommended that parents book rail tickets well in advance to gain the optimum fare. Because of changes to the systems operated by National Express the School is no longer in a position to deal with group travel or individual ticket requests.
