Monday, 09 June 2008

Dear Boat Club Parent,

The annual Boat Club Training camp will be held next year again in Temple-sur-Lot (http://www.la-base.com/la_base.php), south-west France from the 10th - 17th April, which is just before the start of Trinity Quarter, Sunday 19th April 2009.

It was a very successful trip this year, particularly for the 3rd form boys who were there in number which has led to a significant increase in the standard of their rowing and the level at which they can now compete.

In future years we hope to then begin to alternate this venue with another in the south west of France, probably Soustons, close to Biarritz.

The purpose of the trip is to give the pupils the opportunity to focus on their rowing for the week through quality fitness training, intensive technical work and by experimenting in smaller boats. This kind of training is not possible in the UK and Temple can offer a warmer climate and superior water conditions. The camp also provides an excellent opportunity to foster a club spirit by mixing different age groups and to focus on preparing for the regatta season.

This is an open invitation to the entire club. In order to reserve a place on the trip, **please email me** (gpam@oundleschool.org.uk) by Saturday 28th June at the latest with the following details:

Name of person for whom the place is reserved

Year group (as of September 2008)

Name of parent / guardian authorising the reservation of this place

I hope your son/daughter is able to attend and I look forward to hearing from you.

Yours faithfully,

George Maître
Head of Rowing
