
Visitor Protocol: COVID-19

In line with the continued national restrictions, we are only permitting essential visitors onsite. In addition, we are requiring all visitors **not to enter the School site** in the following circumstances:

- 1. If they have been advised by their GP or hospital clinician to either stay at home or leave their home only under limited constraints.**
- 2. If they or any member of their household (including someone in their support bubble or childcare bubble if they have one) have tested positive for COVID-19.**
- 3. If they or any member of their household (including someone in their support bubble or childcare bubble if they have one) are showing symptoms and are waiting for a test or for test results.**
- 4. If they have been contacted by NHS Test and Trace and advised to self-isolate.**
- 5. If they are required to quarantine having recently visited countries outside the common travel area.**

All visitors should also note the following:

Prior to your arrival, you will be issued with the School's 'Information for Visitors', which provides information on safeguarding, fire safety, first aid and parking arrangements.

On arrival, you will be asked to sign in and be provided with a visitors' identification badge which should be worn throughout your visit and returned to your host when you sign out.

You will be required to observe the guidelines on social distancing, hand and respiratory hygiene measures, face coverings and all other signage, floor markings and displayed instructions in place at the buildings and locations you are visiting.

Please direct any questions prior to, or during, your visit to your host.

Many thanks for your understanding and co-operation.
